

METROLOGY SOCIETY OF AUSTRALIA

MSA Conference 2011

A Climate for Better Measurement

The Metrology Society of Australia is holding its biennial conference in Geelong at the Deakin Management and Convention Centre from 19th to 21st October, 2011. This modern facility includes a generous gathering area, a number of presentation rooms of different sizes and onsite accommodation for over 60 delegates. The MSA has secured the entire facility for the duration of our conference so delegates and exhibitors can conveniently interact, attend the presentations and conduct private meetings in the generous foyer or in private break out rooms.

More detail regarding the facilities at www.managementcentre.com.au

The 2 ½ day conference will start on Wednesday 19th October with registration from around 5 PM followed by a welcome barbeque from about 7:00 pm. The 2 day technical program follows on 20-21 October with a conference dinner at the Werribee Zoo on the 20th. The conference will conclude with the MSA AGM on Friday afternoon followed by light snacks allowing delegates to depart at their leisure to catch flights home or return to Melbourne.

WHO SHOULD ATTEND

- *Scientists, engineers & technicians professionally involved or interested in measurement*
- *Academics engaged in measurement-related research and education*
- *Industries where measurement plays an important role*
- *Manufacturers of measurement equipment*
- *Government, particularly related to industry, education and trade*
- *Those involved in laboratory accreditation and quality systems*
